# DEPAUL SCHOOL FOR HEARING & SPEECH

## Our Mission:

The mission of DePaul School for Hearing and Speech is to develop listening skills and spoken language in children who are deaf, hard of hearing, or have spoken language communication challenges and to prepare them to transition to their home school district successfully at the earliest possible age.

## Identity:

Founded in 1908 by the Diocese of Pittsburgh and the Sisters of Charity of Seton Hill, DePaul School for Hearing and Speech has been providing quality Listening and Spoken Language (LSL) education to children who are deaf or hard of hearing for more than 115 years. DePaul School is licensed by the Commonwealth of Pennsylvania as an Approved Private School (APS).

It is the policy of DePaul School to provide equal educational opportunities to all students who qualify for admission without regard to race, color, religion, sex, ancestry, or national origin.

## Dearest Friends of DePaul School –

There is incredible joy in learning. All humans have a spirit that responds to opportunities to grow, learn, and master newness. When we are faced with the unknown, our brains have an opportunity to open and adapt to these changes and integrate the newness into our being, causing us to become stronger, more aware and more available for growth. At DePaul School, we facilitate new learning opportunities daily. Our teachers and clinicians provide our students with fresh opportunities to see the world, hear the world and respond to the world in new ways every day.

We opened the school year for the first time since Spring of 2019 without masks! And we were safe! In October of 2022, we hosted the Mitsubishi Foundation's International Conference (MEAF). Our students and the Mitsubishi team members had a friendly engineering competition to build a bridge. This gave our students the opportunity to consider some career pathways in math and science, as well as engage in conversations with experts in fields they didn't even know existed.

In this hyper-connected world today, DePaul School is being recognized as one of a very small group of schools that provides an intensive spoken language education for students who are deaf, hard of hearing, or have severe language delays. Families have relocated from faraway places to Pittsburgh to enroll their child in our unique programs. Both our hearing support program and our Speech and Integrated Language for Literacy (SAILL) program saw significant growth in enrollment. Students who attend DePaul School receive a whole-being education, not just the content of their courses, but the accompanying education of being accountable for one's actions, cultivating healthy self-concept and social skills as well as practices of self-management and organizational skills that will carry them forward for success beyond the doors of DePaul School. These are skills that will help our children transition successfully to their neighborhood schools. These skills will develop the foundation for children to become life-long learners, long after they have left the hallways of DePaul School. Your support continues to provide the fuel behind this excellent holistic education that we provide at DePaul School for the next one hundred and fifteen years.

With a grateful heart,

Ruth G. Auld, EdD  
Executive Director

# YEAR IN REVIEW 2022 - 2023

Speech and Integrated Language for Literacy (SAILL) Preschool Program has been approved for a private academic license. Through this separate licensed program, parents can now choose to enroll their child in SAILL's speech, language, and literacy oriented curriculum.

At the start of this school year, we had a special dedication for the newest addition on campus - Fr. Joe's Yard. The yard was named after Fr. Joe Mele, one of the pastors at Saint Jude Parish, who has been instrumental in improving the well-being and safety of our school and property grounds.

Over 50 volunteers from Mitsubishi Electric America Foundation (MEAF) traveled from all over the country for their annual Volunteer Leadership Workshop: Building Bridges to Inclusion and Empowerment. Volunteers worked with students to paint a mural, sing songs, and even had a bridge-building competition!

Our students had a blast skating at the Hunt Armory Ice Rink! After learning about hearing loss, the high school hockey team from Holy Ghost Preparatory School paired up with DePaul students in learning how to ice skate and stay balanced on the ice. Hockey players from RMU also helped students during a second trip on the ice!

Dr. Vicki Donne and a few of her students from Robert Morris University showcased their interactive virtual reality system (called Z-Space) to some of DePaul's science classes! Students were able to interact with 3D models of the nervous system and the heart. They were able to move the heart, take it apart, and dive deep into how the nervous system works.

# DEPAUL SCHOOL

## FOR HEARING & SPEECH

### Your gift means the world to us!

Without your generosity, our mission to teach children who are deaf, hard of hearing, or with speech delays to speak and listen wouldn't be possible.

We invite you to come and see your gift in action with a tour and to meet the incredible students of DePaul School. To schedule a visit or to learn more about different ways to support DePaul School, please contact our Outreach and Development Manager, Julianne Bartko at [jb@depaulhearingandspeech.org](mailto:jb@depaulhearingandspeech.org).

Make sure to stay up to date with all of the happenings at DePaul School made possible by your generosity. Sign up for our newsletter, visit our website, or like us on social media to follow the success of our students in the hearing world!
